ings, and, besides that, was busy all day long looking after the improvements and reforms which he succeeded in putting through. It is due to Burns that his district of Battersea has become the model residential district for the working people of London. He has filled it with parks and given it clean streets and good sanitary conditions, and improved it in every way. Besides all this, he got the eight-hour day established as the legal limit in all public works of London, and abolished contracting and sub-letting, and had passed a number of laws protecting workingmen, giving them better conditions under which to work, and improving their condition daily.

A Gay and Festive Time on Hampd-HAMPDEN-SIDNEY, VA., December 2.—(Special.)—Friday night was a gala time in the history of social events in our little, classic village. It was occasione to make the young people of the hill have a good time, and they succeeded voices, all bent on having a pleasant evening. The rooms were all most beautifully decorated with running evergreen cedar, and here and there could be found the old-time "mistletoe," under which the girls were somewhat loth to go, but, having once been caught beneath it, they found it exceedingly difficult to get away. Never were so many pretty girls eathered. Never were so many pretty girls gathered together at one place on this hill before, and the young men who were present found it hard to tell which one they would rather converse with, they were al so charmingly interesting.

One of the most enjoyable features of the evening was the splendid singing by

There isn't a day goes by we don't hear how much better our stock of Overcoats is than other folks'. That shows you men are looking around. Just what we want. All our pains and preparations count for something then. The comparison sets out our better fabrics and better making. Does another thing-points out that difference in price-between us and and others-\$7.50 here for what's \$10 everywhere else, \$15 for what's \$20-\$55 for our best-better than they haveequal to "to-order" for almost double.

We'll show you the Paddocks, the Kennels, Langhams, Pooles, Sandows, Surtouts-as many styles as you will look at. Isn't it a good thing to feel that you can be suited and save money?

NEW YORK STOCK MARKET.

NEW YORK, December 3.-American

Sugar led the list in point of activity to-day, the sales of the stock footing up 102,200 shares in a grand total of 234,541 shares. It opened at 85%, fell to 84%, jumped to 86%, dropped to 82%, and raliled to \$44683%. The early rise was due o the announcement that the management of the company had thought better of its original intention of a complete lamsburg plants. This induced considerathe President's message became public, there was a rush to sell, and the stock fell to the lowest point for a long time east. Rumors about the dividend, which is to be decided either Wednesday or and that thay will carry their point, now that President Cleveland has come out in such strong terms against the company.

Covering of short contracts attracted poctal attention. This movement was nost pronounced in the Grangers, one rm having bought about 10,000 shares. Northwestern. This concern has been cleking up St. Paul and Northwestern cently, and allowing for matched orders,

picking up St. Faal and Northwestern recently, and allowing for matched orders, manipulation, etc., it must have secured a round amount of the stocks of late. Whether this means a change of front on the part of the bear operator who has is account with the firm in question remains to be seen.

The improvement in the general list ranged from ¼ to 1½ per cent., Northwestern leading. The market was strengthened in the late dealings by the announcement that the Lehigh Valley road-had agreed to a reduction in output for December, and to tidewater-line and other prices. This was accepted as meaning that the independent operators had been brought into line.

The market closed firm, with the exception of Sugar. Net changes show gains of ½613½ per cent. Lackawanna gained 2½ the preferred ½; Lead preferred, 1%; Pactific Mail, 1½. Tobacco recovered 3, to So.
